

PUMPING, SIZING & ZONING CLASS

JOHN BARBA HYDRONICS
INSTRUCTOR

JOHN BARBA

Coming up on September 10 & 11, TSI will be holding a customized training class under one of the top guys in the Hydronics industry, **John Barba.**

You will learn about boiler and system pipe sizing and strategy, circulator sizing, controls, low voltage wiring and unique radiant heating applications.

Great information for the less experienced contractor and a great refresher for those with more experience!

8:00 AM – 4:00PM

Cost: \$40

**Thursday,
SEPT. 10TH - Madison Office**

**Friday,
SEPT. 11TH - Green Bay Office**

Both sessions will be held in the training room at TSI. Lunch will be served.

"John Barba is recognized as one of the best trainers and radiant specialists in the HVAC business," says Robert Coons, Taco's Senior Vice President - Residential Sales and Marketing. "He has trained over 10,000 contractors during his years at Wirsbo/Uponor and many of those contractors are - or will become - Taco's customers too."

During his eleven years with Wirsbo/Uponor Barba established the Uponor factory and field training program, implemented sales training courses for contractors, and developed and helped organize the widely recognized Uponor Home Comfort Team (HCT) program. He has been a guest lecturer at the University of Minnesota and is the author of numerous articles in HVAC industry magazines.
